Leadership in Education, Government and Industry

## **AQ © in Education** *with a Power of Positive Action© paradigm*

- **Clarity and better communications** ~HR strategies
- **Continuing Professional Development** ~ Leadership Study tours, exchanges and Seminars, working with peers. *eg experiential learning*
- **Better Teacher Leadership and Management**-a major focus of creating, developing and promoting better teacher training and teacher management

# Custom Evolved Leadership programs

- **Better teacher leadership and management**
- “This **top priority** starts with improved leadership of principals and chief education administrators, this is our core focus in a holistic way.” ~April, 2010 Professor Kennett and Robert Quimby prior to the 11<sup>th</sup> Intl Congress on Applied Psychology
- “ *...Teacher evaluation and development does not identify effective teaching. Ninety-one (91%)per cent of Australian teachers report that in their school, the most effective teachers do not receive the greatest recognition.*
- *Nor does it recognise quality teachers or teaching, with 92% of teachers reporting that if they improved the quality of their teaching they would not receive any recognition in their school...*”

*Report from GRATTAN Institute, 2010*
